

# COMPARE

## The Competitor's Corner Cage

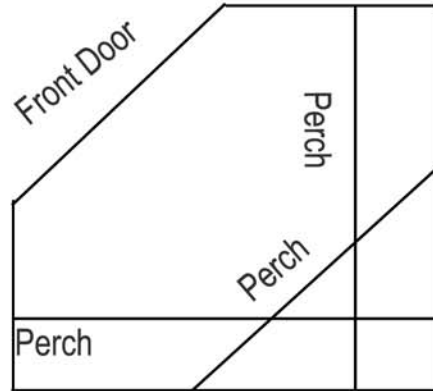

### Where would you put the perches?

2 small wire sides makes it almost impossible to place perches. With their model, the perch would have to sit very close to the front door.

**Its just not practical!**

## Our Ultimate Corner Cage

### Is it a bird cage or a jungle gym?

With 5 sides of steel bars, you have great perch placement options! Our cage comes with 3 perches, but feel free to add as many as you like!

**Its easy and practical!**

## INTRODUCTORY SPECIAL

### Model #UCC39

80"h x 26" (A) x 16" (B) x 39" (C)

Regular price \$4900.00 **Now \$3,495.00 You save \$1,405.00**
